

LINEHUNTER

DESCRIPTION

Rack Mount 4/12 Call Processor

Advanced Line Sharing Technology.
Up to 12 devices efficiently using 4 phone lines.

Save Hundreds of Dollars per Month!

Precision Inbound Call Routing

Allows 12 Direct/Private Phone Numbers (on 4 lines) with 'Distinctive Ring Service' from Telephone Service Provider.

Flexible and consistent - Routes all voice, fax and modem calls to the right equipment every time, leaving other devices undisturbed. No misdirected phone calls.

The Average Business Phone Line costs \$50 per month. Line-sharing technology can cut phone line costs by 2/3 on Faxes, Modems, Direct Lines, Credit Card Readers.

Saves money by more effective use of expensive phone lines. 'Distinctive Ring' Service allows precision inbound call routing and rapid outbound line hunting in the same unit. Advanced circuitry makes the LINEHUNTER transparent to the communication process.
